# PARTICIPATE IN BRAIN RESEARCH

APPROVED
VAPSHCS R&D OFFICE
RB
1/16/15

- A study on brain function is looking for volunteers who are Veterans that served in the United States Armed Forces after October 2001.
- Volunteers will answer questions about their medical history and participate in memory and brain imaging tests.
- Volunteers will be asked to come in for between 1 and 8 study visits, depending on study.
- Volunteers will receive compensation for their time.
