Suicide Risk Management Consultation Program Lecture Series

Using Chain Analysis to Assess and Intervene on Suicidal Ideation and Behavior

Please register by June 9, 2020 (VA Registration and Non-VA Registration)

Overview

Program Description:

Chain analysis is a critical strategy for therapeutic risk management of suicidal ideation and behavior. Following this live, knowledge- based virtual training, clinicians and health care teams will be able to:

Lecturers Dr. Sean Barnes and Dr. Lauren Borges

- Describe the purpose of chain analysis and discover new strategies for intervening on suicidal ideation and behavior.
- Identify how positive and negative reinforcement can cause suicidal ideation and behavior to persist.
- Understand the components of the behavioral chain and how to apply the chain as an intervention strategy.
