

VA NATIONAL CENTER ON HOMELESSNESS AMONG VETERANS

Research-driven solutions to prevent and end homelessness

VA CENTER FELLOWSHIP PROGRAM (Bronx, NY)

The VA National Center on Homelessness among Veterans (NCHAV), in collaboration with the VA Office of Academic Affiliations (OAA), has created a postdoctoral fellowship program for those interested in addressing Veteran homelessness. The NCHAV Fellowship is open to ***clinicians or non-clinicians with a doctoral degree or who have completed all requirements toward a doctoral degree from an accredited institution.***

Fellows will have a formal connection with NCHAV and will be expected to work with a NCHAV mentor along with a local mentor out of VA VISN 2. NCHAV Fellows will have opportunities to work with national operational partners and be on the cutting-edge of the latest research, policy and educational developments in Veteran homelessness, with opportunities to interact and collaborate on projects, including funded travel to meet in-person at the annual American Public Health Association Conference.

One opportunity will be working with the VA VISN 2 Center of Excellence on projects related to preventing homelessness among Veterans by providing certified sponsors to Veterans. The first project evaluates a sponsorship program for criminally-involved Veterans and works closely with county and local courts, as well as resources provided by the VA's Veteran Justice Outreach program. The second project is an innovative sponsorship program that starts working with active-duty Servicemembers transitioning out of the military on military installations and then attempts to facilitate a successfully reintegration for them into their new hometowns.

Opportunity to Work with the VA National Center on Homelessness among Veterans and the VISN 2 Center of Excellence/MIRECC.

1. Operating out of the James J. Peters VA Medical Center (Bronx, NY)
