

## Postdoctoral Residency Admissions, Support, and Initial Placement Data

Date Program Tables are updated: 11/2/2022

### Program Disclosures

Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution's affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If yes, provide website link (or content from brochure) where this specific information is presented:	

## Postdoctoral Program Admissions

Date Program Tables are updated:11/2/2022

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:

The selection process for candidates is based largely on match between career goals and the opportunities provided by the Advanced Fellowship. The center pursues a discovery-to-recovery approach to determine the causes, identify predictors, and develop treatments for individuals with serious mental illness, with particular emphasis on schizophrenia and suicide. We conduct research on the etiology, pathophysiology, diagnosis, and treatment of SMI, implementing research-based, state-of-the-art clinical interventions. Our research spans from basic science to applied services research, employing biological, cognitive-behavioral, social, and systems research approaches. Applicant's personal statements will be viewed as the primary source of information about the fellows, with letters of reference carefully checked in order to substantiate statements made in the statement and to ensure high levels of personal and professional integrity on the part of applicants. We have a systematic process for reviewing and ranking applicants once applications are received.

Describe any other required minimum criteria used to screen applicants:

Applicants must:

- be U.S. citizens,
- hold a doctorate from an APA accredited program in clinical or counseling psychology, and
- be enrolled in or have completed an APA accredited internship in clinical or counseling psychology.

Doctoral requirements, including dissertation, must be completed before the start of fellowship.

### Financial and Other Benefit Support for Upcoming Training Year\*

Annual Stipend/Salary for Full-time Residents	\$58, 661	
Annual Stipend/Salary for Half-time Residents	N/A	
Program provides access to medical insurance for resident?	<u>Yes</u>	No
